ENDOTRACHEAL TUBES

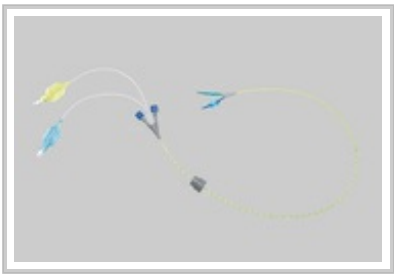

Teleflex offers a broad portfolio of Rusch® and Sheridan® Endotracheal Tubes, and endobronchial tubes and blockers, catering to a wide range of patients and clinical needs. These products include standard and specialty intubation devices, as well as the EZ-Blocker™ Endobronchial Blocker: an intuitive, secure solution for clinicians to achieve one-lung ventilation and reduce the risk of intraoperative malpositioning.

AIRWAY RESCUE DEVICES

Teleflex is proud to offer the Rusch® QuickTrach® Cricothyrotomy Kit, which is an ideal emergency airway device that is designed for quick and safe ventilation in the presence of acute respiratory distress with upper airway obstruction.

ENDOBRONCHIAL BLOCKERS

Teleflex is proud to offer the EZ-Blocker™ Endobronchial Blocker: an intuitive, secure solution for clinicians to achieve one-lung ventilation and reduce the risk of intraoperative malpositioning. It was designed by anesthesiologists who challenged accepted clinical practices and wanted a better way to treat patients.
