

## ENDOTRACHEAL TUBES

Teleflex offers a broad portfolio of Rusch® and Sheridan® Endotracheal Tubes, and endobronchial tubes and blockers, catering to a wide range of patients and clinical needs. These products include standard and specialty intubation devices, as well as the EZ-Blocker™ Endobronchial Blocker: an intuitive, secure solution for clinicians to achieve one-lung ventilation and reduce the risk of intraoperative malpositioning.

### AIRWAY RESCUE DEVICES

Teleflex is proud to offer the Rusch® QuickTrach® Cricothyrotomy Kit, which is an ideal emergency airway device that is designed for quick and safe ventilation in the presence of acute respiratory distress with upper airway obstruction.

### ENDOBRONCHIAL BLOCKERS

Teleflex is proud to offer the EZ-Blocker™ Endobronchial Blocker: an intuitive, secure solution for clinicians to achieve one-lung ventilation and reduce the risk of intraoperative malpositioning. It was designed by anesthesiologists who challenged accepted clinical practices and wanted a better way to treat patients.
