RESUSCITATION

LIFESAVER® DISPOSABLE MANUAL RESUSCITATOR

Description:

The Lifesaver® Disposable Manual Resuscitator's nonslip grip and quick rebound provide the performance and reliability you need to get a handle on emergency resuscitation. Available in an extensive array of configurations, the Lifesaver® Resuscitators are designed to support the most urgent, clinical needs of the critical care patient.

- Designed to meet resuscitation bag standard (ISO 10651-4)
- Unique right-angled oxygen tubing connector swivels 360°
- All configurations include swivel flow diverter for PEEP valve connection
- Device not made with natural rubber latex
- Item Code 5387 includes a foldable resuscitation bag that collapses for compact storage
- Individually packaged in convenient, tamper-resistant, drawstring bag
