RESUSCITATION

RUSCH® MANUAL RESUSCITATION BAG

Description:

The Rusch® Manual Resuscitation Bag comes fully assembled and is designed to provide quality, durability and dependability during emergency situations. Designed for the pre-hospital market, the Manual Resuscitator offers robust construction and is fully collapsible for easy and convenient storage.

- Clear, flexible cushion face mask allows for easy patient visualization
- Textured bag for a sure, comfortable grip
- Non-rebreathing valve that directs exhaled gas away from clinician
- Swivel patient connector 15 mm ID; 22 mm OD
- Device not made with natural rubber latex
- Integrated PEEP connection, no adaptor necessary, PEEP valve available separately
